

[illegible]

The image shows a smartphone screen with the Toopik app. The app's interface includes a map of a city (likely Tokyo) with various locations marked by icons and labels. The text 'Toopik' is visible at the top. Below the map, there is a section titled '渋谷で写真を投稿すると 友達が増える。' (Post photos in Shibuya and increase your friends). The app also displays a QR code and a download link 'toopikq.com'. The background of the app interface is a dark, stylized cityscape at night.
